BALLROOM, LATIN & SWING DANCE CRUISE

October 8 – 18, 2018

FREQUENTLY ASKED QUESTIONS

What documents are required to go on a cruise?

Each guest must bring an identity document valid for foreign travel in all countries included in the itinerary: identity card or passport, depending on one's nationality and the destination of the cruise. Guests must ensure that they have the required visas and that their travel document is valid. Guests without proper travel documents will not be allowed to board the vessel and no refund of cruise fare will be given to any Guest failing to bring such documentation. According to the U.S. passport department, and they advised that since this cruise is round trip Ft. Lauderdale, it is considered a closed-loop cruise. However, they advised that although passports may not be required, to check with the cruise line as it is possible one or more of the Caribbean Islands might require a passport to enter their country. They said in that case, the cruise line may require a passport, even though it is not a U.S. requirement. You will be required to provide proof of citizenship, such as an original or copy of your birth certified (issued by the Vital Records Department in the state where you were born), and a government issued photo ID. However, keep in mind if you were ill or injured and needed to be flown back from one of our ports, a passport would be required, so it is always best to have a passport. For requirements please go to http://www.travel.state.gov/passport/passport_1738.html

What are the embarkation procedures?

Check-in starts around 12:00 pm if the ships is cleared, and continues until 3:00 pm. Final boarding is sixty minutes prior. We sail at 4:00 pm. So you MUST be on board by 3:00 pm. If you are a Platinum or Elite Captain's Circle Member, be sure to take advantage of priority check-in which is a different line.

What To Do When You Get On Board

When you first come aboard, be sure to check out your stateroom. There you'll find the Princess Patter Daily Newsletter with schedules for all the onboard activities.

If the spa or fitness classes are your thing, try to make your appointments on the first day, as the most popular treatments and times fill up fast.

Hungry? Head up to the Horizon Court Buffet. They'll be offering snacks, sandwiches, salads and more throughout embarkation.

Luggage.

All items of luggage will be x-rayed before being brought on board. You should keep any documents, money, valuables, jewelry, personal belongings, medicines, binoculars, cameras or delicate items in your hand luggage. If the journey includes a flight, check the baggage allowance stated on the ticket. For security reasons, Guests are required to unlock their suitcases at the pier prior to giving them to the porters. Note that claims for luggage loss or damage must be made in writing to the Director of Administration or Pier Manager PRIOR to leaving the disembarkation pier.

The luggage labels will be used, when boarding, to identify and delivering the luggage to your cabin. The labels you'll receive on board, at the end of your cruise, will make it easier for you to leave the ship by showing the order of priority.

Extra ship luggage tags can be obtained from the Porters at the pier.

Can I bring food or drink on board (from home or from a port)?

As provided in the Passage Contract, passengers agree not to bring alcoholic beverages of any kind onboard for consumption, except one bottle of wine or champagne per adult of drinking age (no larger than 750 ml) per voyage, which will not be subject to a corkage fee if consumed in the stateroom. Additional wine or champagne bottles are welcome, but will incur a \$15 corkage fee each, irrespective of where they are intended to be consumed. Liquor, spirits, beer, bottled water and canned or bottled soda are not permitted. Please remember that luggage will be scanned by Princess, and alcohol outside of their policy will be removed and discarded.

Alcoholic beverages that are purchased duty free from the ship's gift shop, or at ports of call, will be collected for safekeeping and delivered to the passenger's stateroom on the last day of the cruise. A member of the ship's staff will be at the gangway to assist passengers with the storage of their shoreside alcoholic purchases while our Boutiques staff will assist passengers with shipboard alcoholic purchases.

Security may inspect containers (water bottles, soda bottles, mouthwash, luggage etc.) and will dispose of containers holding alcohol. Guests who violate any alcohol policies, (over consume, provide alcohol to people under age 21, demonstrate irresponsible behavior, or attempt to conceal alcoholic items at security and or luggage check points or any other time), may be disembarked or not allowed to board, at their own expense, in accordance with this cruise line guest conduct policy. Guests who are under the permitted drinking age will not have alcohol returned to them.

No food or drink purchased on land may be brought aboard when boarding the ship. Any local products purchased during excursions may be handed to the cruise line staff for safekeeping and collected before disembarking at the end of the cruise. All ships in any case provide generous buffets and drinking water dispensers, with both cold and hot water to prepare teas and infusions at any time of the day. Cocktails, specialty coffees and a wide range of drinks can be purchased on every deck and in all the bars.

Cabins

Every cruise line guest is assured of comfortable accommodations featuring staterooms above ocean level for a more comfortable cruise. Staterooms and suites vary by ship, but every room offers air-conditioning, carpeting, ample drawer and closet space, a television, telephone, private bath, shower, vanity and a hair dryer. And, like a fine hotel, all staterooms provide soap, shampoo and conditioner. Depending on your stateroom/suite category, your accommodations may include other amenities such as bathrobes, mini bars and more.

Beds are standard twin beds. Beds convert into queen-size. If you want your beds put together or apart, just ask your stateroom steward and he or she will take care of that for you.

There are safes in the stateroom where you can store your valuables.

Self-service laundry facilities are provided onboard the ship, as well as ironing. Princess does not provide or allow steamers or irons in the staterooms as they constitute a fire hazard. Complete valet services including laundry, pressing and dry cleaning, can be arranged through your stateroom steward/stewardess and billed to your shipboard account.

All Princess ships are equipped with North American standard, 110 volts AC and standard European 220/230 volts AC outlets. For safety reasons, no electrical appliances can be brought on board, with the exception of battery chargers (for mobile phones, video cameras, cameras, PCs and MP3 players), curling irons, and electric razors.

Room service is available onboard any time of the day or night - simply order from the room service menu located in your stateroom/suite (late night service charge applies). To receive breakfast in your cabin and treat yourself to a really enjoyable morning you just need to complete the special menu and hang it on the outside handle of your door in the evening before going to sleep. Snacks may be ordered 24 hours a day with a simple phone call. Note that these are provided for an extra charge and that a service charge of 15% is payable on orders of wine and drinks.

Inspect your stateroom and report any complaints immediately to the Information Desk and your stateroom steward or stewardess. Please let Sundancer know if you do not get results.

Clothing, What To Pack

For the first day of your cruise, pack a small carry-on bag with your travel documents, a change of clothes, valuables, and any medications you may need. For our dance group - don't forget your dance shoes as our dance activities may start before your luggage arrives in your cabin. It is also recommended to bring gel inserts or padding for your dance shoes as some of the floors are marble or Plexiglas and this would provide extra cushion.

During the cruise, you are free to dress as you wish: the atmosphere on board is informal and casual. Clothing must however be suited to the environment, season, destination or occasion, such as a gala dinner or an excursion. Average temperatures this time of year is highs in the low or mid 80's and lows in the low to mid 70's.

You may also want to bring a raincoat, hiking shoes and a travel umbrella.

You should bring a pair of rubber-soled sandals or sneakers to wear on deck and a pair of good walking shoes. Inexpensive aqua (water) shoes are great for the beach and boating as well. Plan to bring your dance shoes. It is also recommended to bring gel inserts or padding for your dance shoes as some of the floors are marble or Plexiglas and this would provide extra cushion.

Another suggestion is to bring earplugs. I have always brought them, but never needed them, but you never know! Some like to bring a nightlight, especially for the inside cabins.

You should dress for a cruise with Princess the same way you would for any stylish land-based resort.

Princess makes it easy to know what to pack and what to wear. There are two designations for dress codes: Smart Casual and Formal. There are two formal nights on this cruise and five smart casual nights.

Smart Casual

Passenger attire should be in keeping with what they would wear to a nice restaurant at home.

- *Skirts/dresses, slacks, and sweaters for ladies*
- *Pants and open-neck shirts for men*

Inappropriate dinner wear such as pool or beach attire, shorts, tank tops, t-shirts, ball caps and casual jeans (with fraying and/or holes) are not permitted in the dining rooms. Shoes must be worn.

Formal

When formal nights are held, please observe the dress code in the Traditional Dining and Anytime Dining venues for the enjoyment of all our guests.

- *Evening gown, cocktail dress, or elegant pant suit for women*
- *Tuxedo, dark suit or dinner jacket and slacks for men*

Casual dress dining is available nightly in the Horizon Court Buffet. The Princess Patter Daily Newsletter will inform you if the ship is having any specific dress code themes. We have been told by Princess that they typically have an Oldies night, 70's Disco night, Latin night, and Country Western night, but they could not commit as to what nights they would be and whether they would have any of these themes on this particular sailing.

Sundancer will be doing a Caribbean/Tropical theme one night. The cruise ship often has their own theme parties and we will try to find out what those are. The first and last night are always casual. There are two formal nights on this sailing. The first and last dance are always casual. Our tentative dance schedule is in our final packet. The finalized schedule will be provided with your name badge.

Princess offers formal wear rental on all cruises; this can be arranged prior to embarkation. Dress with an elegance and style that is perfect for all the formal activities on your cruise with Princess. Cruiseline Formal Wear delivers beautifully-tailored clothing directly to your stateroom. To order your formal wear, please visit cruiselineformal.com, call 800-551-5091 or 305-252-8572.

For questions, email: custservice@cruiselineformal.com.

You'll also need some casual shorts and a couple of t-shirts or a cover-up for getting to and from the pool areas.

We highly suggest bringing along a sweater, shawl or jacket for cool evenings and cool air conditioning in the dining room and lounges. And if you'll be touring any museums, cathedrals or churches, it's always wise to dress conservatively or have a cover-up.

Inexpensive rain gear (also doubles as a great windbreaker) or a small or collapsible umbrella is also a good idea in case of a sudden shower. You might want to bring a couple of swimsuits, so you will have one that is always dry. And then there are the Jacuzzis !

If you're planning to visit the onboard fitness center, be sure to bring extra shorts, t-shirts and socks that you won't mind working out in - plus a pair of tennis or running shoes/sneakers.

Bring your cameras and/or camcorders. Binoculars are another often forgotten, yet indispensable travel item.

Be sure to leave some room in your luggage for all those souvenirs and mementos. Some space-saving ideas include:

- *Bring shirts and pants/skirts that mix and match, turning three outfits into five or six.*
- *Wear your heaviest shoes during embarkation and disembarkation so you don't have to pack them.*
- *Pack small items inside larger ones for efficiency.*
- *Bring an additional empty bag for those acquired extras.*

For excursions on land, we recommend you wear casual clothing and comfortable shoes without heels.

There are four very important types of books you'll want to consider packing:

- *Travel guides - to help you explore new destinations*
- *Poolside pleasures - nothing beats a great read in the sun*
- *Journal - keep an account of your adventure for sharing and reminiscing*

- *Address book - send your friends a postcard to make them jealous*

Here are some websites you might find helpful on travel clothes, some wrinkle-free, etc.

What is the “Princess Patter Daily Newsletter”?

This is the on-board Newsletter delivered to your cabin every evening. It will keep you informed about activities planned for the following day and provide you with useful numbers, ship departure times, the time zone of your destination and lots of other useful information.

Information Desk (also referred to as Purser’s Desk or Passenger Service Desk).

The main objective of the Purser's division is to provide guests with a positive cruise experience. Guest satisfaction is their goal in everything they do, especially: Greeting and assisting guests with their individual needs; responding to guest questions, requests, comments, or complaints; taking responsibility for all money, transactions, lost or found articles, mail, and onboard printing; and obtaining proper clearance for the ship with Port Authorities. The Information Desk will assist you with any tours or with any general concerns. Guests can buy stamps at the Information Desk and can mail letters at the drop-off box at the Information Desk. Guests can also cash traveler’s checks here.

How can I pay for purchases made on board?

One of the best things about cruising with Princess is the convenience of being able to sign for all your expenses and have them charged to your stateroom.

When you check-in for your cruise, you’ll receive a Cruise Card (a personal identification card). The Cruise Card is used to access your personal shipboard account to which all purchases are charged.

An itemized statement will be delivered to your stateroom prior to disembarkation. By providing your credit card in advance, you are automatically registered for Express Check-Out. There is no need to visit the Information Desk to settle your account. Princess accepts U.S., Canadian, British and Euro currencies, and traveler's checks. Express/Optima®, Diners Club/Carte Blanche®, Discover® Network, the JCB Card®, MasterCard® and Visa® are also accepted. Those paying by traveler's checks or cash will be required to leave a cash deposit with the Purser's staff at the beginning of the cruise. If you prefer to use a cash deposit it is a minimum of \$300.00 per person and you will not be able to do the on line check-in prior to the cruise. However, if you put a credit card on your booking you can always pay cash at the end of the cruise instead of putting it on that card. Please note that a hold will be place on the credit card you connect to your booking.

There is also an ATM on board but it often runs out of money during the cruise.

What is included in my Cruise?

For the dancers, all of our dance workshops and social dance parties are included. These are private group events and not part of the regular activities on board – they are just for our dance group!

For this group sailing gratuities can be prepaid or paid on board.

What type of Entertainment & Dancing on board?

Sundancer Dance Activities for the Dance Group:

Workshops: Tentative classes will be in Waltz, Fox Trot, Argentine Tango, Swing, Rumba, and Cha Cha. If time permits, classes in styling and technique and possibly other dances. Private lessons are also available upon request (and for a fee). Please see the instructors directly to schedule them.

Private Social Dance Parties: We will have dances on board with our own DJs (for the best dance selections), including mixers, prizes and other surprises for our group. We try to schedule a dance party daily, depending on the port times.

We always try not to interfere with your port times. However, this cannot always be avoided. If our dance activities interfere with port times it will be your option to attend or not.

You will be issued a name badge which will include our final dance schedule which will need to be worn at all our private dance activities.

NOTE: Dances & Workshops will be "Private Parties" only available to our group! You must book with Sundancer Cruises to participate in our Workshops and Dances.

The ship usually hosts a “singles” party so watch for that in your Princess Patter Daily Newsletter.

What Are The Tipping Policies?

Onboard currency is the US dollar. Gratuities include your Stateroom Steward or Stewardess (takes care of your stateroom – cleans stateroom, makes beds, etc) and your Waiters (serve meals in main dining room). They make their living entirely from tips.

To simplify the tipping process for our passengers, a discretionary gratuity is Gratuities \$13.50 per person per day (for sailings after 12/15/2017), Mini-Suites \$14.50 per person per day, Suites \$15.50 per person per day. This gratuity will be shared amongst those staff who help provide and support your cruise experience, including all wait staff, stateroom stewards, buffet stewards, and housekeeping staff across the fleet.

Please note most people are not aware that a 15% gratuity is already added to each sale for any drinks that you purchase from the bars or dining room wine accounts. This is shared amongst the beverage staff and their support staff. Be careful not to double-tip. There is a place on the slip to add any additional tip if you wish to do so.

Also, tipping your Maître d’ in the dining room is at your discretion, based upon the service you received, and is not included in the gratuities. We recommend that you bring sufficient currency in small bills with you.

The regular Soda Package is for unlimited fountain drinks and souvenir mug and is \$36.26 per person for the week (\$5.18 per day). The Soda and More package is the same but also included milk shakes, virgin cocktails and hot chocolate and is \$56.34 per person for the week (\$8.05 per day). Some packages may be available for precruise purchase. (Prices subject to change.)

What will the temperature be like on board?

The temperature on board is pleasant: however, we recommend you wear a warmer item of clothing in all air conditioned environments to avoid any sudden temperature changes between the outside and inside of the ship. It can be cool in the dining rooms, lounges and theatre. In your cabin, you can control the temperature individually by using the thermostat.

Can I celebrate an occasion on board?

Celebrating a birthday, wedding anniversary or honeymoon on board is a truly special and unique experience. You can book a number of exclusive services online or onboard. When you're on board, you can go directly to the Information Desk.

Will I need to bring money on Princess shore excursions?

When noted in the shore excursion description, snacks, drinks and even meals are included in the price of that excursion. However, you may want to bring money with you as some excursions stop in areas where you are able to do some souvenir shopping, try the local cuisine food and various other refreshments. These items will be at your own expense. Tipping is usually not included.

Is there a Casino on board?

On board all Princess ships you'll find a Casino with slot machines, roulettes and gambling tables. Entry is restricted to adult guests and the establishment is only open while the ship is sailing. Bets may be placed in cash in the on-board currency.

Is it possible to go shopping and participate in an excursion while in port?

Yes. Many excursions are only a few hours in duration, leaving you with plenty of time in most ports for shopping, sightseeing or even participating in another excursion. Also, many longer excursions include a shopping stop.

What shops will I find on board?

You'll find shops on board with the latest fashions, where you can shop, pick out gifts or buy the souvenir photographs that will be taken of you during your cruise. The shops are duty free and you'll be able to pay using your Cruise Card. They are closed while in Port.

Is there a Mass service on board?

All Princess ships have a Chapel where religious services are held. Mass times are published in Princess Patter Daily Newsletter.

Is it possible to smoke onboard?

Keeping the comfort of our passengers a priority, and in consideration of consumer studies which show smokers are a small minority of passengers, Princess has implemented the following smoking policy:

Clearly marked "Designated Smoking Areas" are available onboard and include a sufficient number of ashtrays that are emptied regularly. Generally, these areas include cigar lounges, a section of the nightclub and casino, as well as a portion of the open decks. As a safety precaution, passengers are reminded to properly dispose of cigarettes, cigars and pipe tobacco, which are never to be thrown overboard as this may be sucked back into the ship and cause fires.

For all voyages departing after January 15th, 2012, Princess Cruises will prohibit smoking in passenger staterooms and balconies. This policy change reflects the preferences of a vast majority of our passengers who value having their primary living space (both stateroom and balcony) smoke-free. As balconies are a

hallmark of Princess Cruises, and Princess believes it is important to keep this peaceful space clear of smoke. Violations to this policy will result in a \$250 fine for each occurrence, which will be charged to the passenger's stateroom account. Keeping with the global trend toward more restrictive smoking policies and honoring the wishes of our passengers, Princess feels this change will enhance our onboard experience and do more to help our passengers escape completely

Is the water on the ship safe to drink?

All drinking water is either distilled from seawater or loaded onboard while the ship is in port. Princess adheres to Vessel Sanitation Program standards published by the U.S. Public Health Service (USPHS). The USPHS conducts inspections of the ship, both during its construction and throughout the year, to ensure compliance.

Does Princess Cruises provide medical assistance?

Princess Cruises medical centers are staffed by full-time British registered doctors and nurses who are available 24 hours a day in case of an emergency. Our facilities are equipped to deal with both minor injuries and most major medical conditions.

All Princess Cruises onboard medical facilities meet or exceed the standards established by the American College of Emergency Physicians. Our medical centers proudly hold the distinction of being the only medical services in the cruise industry to have been awarded the Caspe HealthCare Knowledge Systems (CHKS) accreditation and ISO 9001:2008 certification for outstanding quality in healthcare staff facilities and procedures. CHKS is a major UK-based organization that works with public and private health care providers worldwide.

Guests are responsible for covering the cost of medical visits and medicines. All doctors are independent contractors.

It is always a good idea to check your health insurance as to what is covered while you are at a port and if emergency evacuation is part of your policy. If not, you may want to consider travel insurance. We can certainly get a quote for you if you are interested.

What happens in the event of rough seas or bad weather?

Our itineraries are planned in order to take clients to the most beautiful and calmest oceans in the world, in the most suitable seasons. Our ships are designed and built using the latest technologies: thanks to a sophisticated system of vertical stabilizers, sailing is peaceful even in rough seas. These stabilizers greatly reduce the pitch & roll of the ship. People who have already travelled on a cruise with Princess have been surprised by the spaciousness of the interior and the feeling of stability you experience when sailing. Some passengers may still experience motion sickness or feel "sea-sick". The symptoms are generally mild nausea and dizziness (or vertigo). There are a number of over-the-counter as well as prescription medications and non-pharmaceuticals available to help curb the symptoms of sea-sickness. If you think you may be affected, check with your doctor. If you have motion sickness, we highly recommend purchasing motion sickness arm bands or patches. These can be purchased at any drug store (ask your pharmacist). They really work, and allow you to avoid taking any medication.

Communication

Telephone calls can be made directly using the satellite telephone provided in your cabin. For information about the cost of the satellite service contact the Information/Customer Services Office. Furthermore, thanks to an agreement between PRINCESS Cruises and TIM Italia, GSM-type cover is available on all ships in the fleet which allows mobile phones to be used on board. The service is available to customers of TIM or operators who have an international roaming agreement with TIM.

Day of Cruise Travel Assistance - (800) 545-0008

Give friends and relatives the following information on how to telephone you in case of an emergency. Call 1-900-329-SHIP from the United States or 1-900-565-2800 from Canada. Calls can be charged to a credit card in both the United States and Canada by dialing 1-877-656-7447. The cost for each call is \$8.95 USD per minute or \$11.95 CAD per minute. Include the passenger name and cabin number to ensure quick delivery.

Cell Phones

Every Princess ship is equipped with an advanced cellular communications network. This network allows you to send as well as receive voice calls, text messages and data services on your personal mobile device. Mobile device service is available for use when the ship is at sea, in international waters and in other areas where such use is permitted. All charges will be conveniently billed to you by your mobile device provider. Your mobile phone provider must have a roaming agreement with Wireless Maritime Services (WMS) in order for you to use your phone with this service. Not all prepaid devices are supported. Your mobile device must be able to roam internationally. BlackBerry's and other mobile data services may continue to receive messages while roaming on the ship's network. For questions about your service, pricing or billing please contact your mobile device provider's customer service department prior to sailing.

Credit Cards:

Before you go, confirm with your bank or credit-card company that your card will work in Canada and alert them that you'll be making withdrawals while traveling — otherwise, they might freeze your card if it detects unusual spending patterns. Some banks automatically block US debit card use to protect against fraud. There's usually an 800 customer service number on the card. Give the dates and itinerary,

Bringing two different cards provides a backup if one is demagnetized or eaten by an ATM machine, or is lost or misplaced. Make sure the validity period of your card won't expire before your trip ends.

Ask your bank how much you can withdraw per 24 hours. Also, it's wise to make photocopies of your cards (including the customer-service phone numbers on the back) so you can report any theft or loss of your card immediately. Keep the paper copies separate from your cards.

Finally, and most important: Guard your cards! Don't carry credit cards in a backpack, a carry-on bag, or a suitcase, and don't keep your wallet in a hip pocket or a belt pouch. Pickpockets and purse snatchers know that tourists are often careless, so they'll be watching you.

Can you surf the net on board?

Internet access is available on all Princess vessels through our 24-hour onboard Internet Café and wireless network -- which is available in some staterooms and various public areas including our world famous Piazzas. Use our state-of-the-art computer systems to access your web-based email account, or browse the Internet for world news, sports and stock trading. Or bring your wireless-enabled laptop and access the Internet through our improved onboard wireless service. Guests who subscribe to email services from an Internet Service Provider (ISP) are advised to verify that their ISP has a web-mail viewing site prior to sailing. Most major ISPs have websites that allow email access via a web browser using an email address and password. Please contact the Internet Café Manager onboard for information regarding the charges that apply to Internet and wireless services and any other specific requirements.

Plus – Platinum and Elite Captain's Circle members benefit from credit toward Internet Café packages.

Disembarkation

Passengers are disembarked in order of earliest flight times off the ship first. The Information Desk arranges/plans the disembarkation process during the actual voyage, for the end of that voyage. It can take up to three hours to disembark the ship. This is approximate, depending on customs, security, etc. It is sometimes possible to leave the ship earlier for early flights, or have delayed disembarkation for late flights. For early or delayed disembarkation please see the Information Desk on board. Princess recommends flights departing at or after 11:30 a.m.

Since all suitcases are collected the night before we return home, don't forget to pack an overnight bag with a change of clothes, shoes, prescriptions, valuables, and need-to-have items. You will receive new numbered luggage tags on board to attach to your luggage for debarkation.

This ship arrives back into Port at 7:00 a.m., but we won't begin disembarkation until later that morning. The ship must be cleared by customs before anyone can disembark. Please make sure you follow the instructions given by the Princess crew carefully, or this may prevent leaving in a timely manner. Once you leave the ship you will locate your luggage (make sure your name is on it as many look alike). You will need to fill out a Customs Declaration Form (which will be provided to you) while on board and present it to the Customs Inspector. If you have transportation vouchers the buses will be at the Pier. You should first retrieve all of your luggage before proceeding to the buses. (Please see suggest flight time guidelines under "Airport and Cruise Terminal Information" (separate documents on our website).

Claims for luggage loss or damage must be made in writing to the debarkation personnel prior to leaving the pier area.

SECURITY TIPS

As you are probably aware, most airlines are charging for checked bags per person. Some airlines offer a discount of the checked bag cost if you prepay this on line within 24 hours before your flight. Keep in mind that this may cause the overhead compartments on the planes to get full, and could possibly force you to check a carry-on bag if there is not room on the plane.

Check in as soon as your airline allows this (usually 24 hours before departure). Most airlines will let you check in on line and print your boarding passes. Or check in by phone. You run the risk if you don't check in early you may lose your seat.

Wall Street Journal Article

Re airlines. Basically, it said that many carriers can make customers pay up when they show up late. Missing a flight can cost hundreds of dollars. It pays to know your airline's policies because many will give you a break if you know how to ask. Most airlines let you go standby on a later flight, but if that means traveling the next day, some airlines will hit you with change fees and even higher fares -- especially if you admit that your tardiness is the result of something in your control, as opposed to a traffic jam or a tunnel closure. And if you switch to another airline, your reservation for your return flight may get canceled automatically. If you miss your flight and you change carrier's - there's a catch. If you do hop on another carrier, you have to let your original airline know that you'll still want to use your return ticket, and you may have to fight to keep it.

Another Interesting Article Re Identity Theft

Be careful where you discard your airline boarding pass stub. This little stub is coded with your personal information, such as your frequent flyer number, your passport number, your date of birth and nationality, and sometimes more !

Safety

Be Careful What You Leave In Your Car...We have a safety tip for you. Don't leave materials that contain your address (such as auto registration) and your garage door opener in your car at the airport. If someone breaks into your car and you have left your address and garage door opener, it would be very easy for someone to make himself or herself welcome in your home while you are out of town.

Depending on where you are traveling, tourists who stand out as "rich Americans" are often targeted by pickpockets, even in safe ports. Don't carry your money in your hip pocket wallet or easily grabbed purses. Take only as much money as you will need for the day and tuck an extra \$20 in your shoe for emergencies. Leave valuable, excess cash and unneeded credit cards in your safe in your stateroom while in ports. Be aware, be prepared, then enjoy yourself and absorb new experiences. It is a good idea to bring two credit cards in case one is compromised or a hold is put on it. It is a good idea to make copies of the front and back of the credit cards you are travelling with and keep them in your safe. That way if you lose a credit card in a port you have the information to contact the credit card company immediately. It is also suggested you make two copies of our passport, driver's license, health cards, travel documents (cruise, flights, hotel, etc.) and any other importation documents in your wallet. Leave one copy at home with a trusted friend or family member, and take the other set with you, packed separately from the originals. If you are bringing a smart phone you could take copies with your phone.

In case your luggage is stolen or lost, it is a good idea to make a list of everything you put in it and take pictures while packing.

If you are travelling with a smart phone or laptop, input importation phone numbers, such as cruise line emergency contact, hotel, airlines, car rental, etc.

OTHER TIPS

Customers with checked baggage should review with the airport you are departing from for their guidelines. Most airports recommend you arrive 90 to 120 minutes before flight departure for International flights. In most

instances, the baggage check-in cut-off time remains at 30 minutes before departure. Travelers are expected to be at the gate in time for loading at least 30 minutes before departure. Many aircraft doors will be closed 10 minutes prior to departure. Following these tips will help you reduce your wait time at the security checkpoint.

Familiarize yourself with individual airport and airline policies (including airports that you are changing planes in) regarding security procedures as local rules and regulations may vary from destination to destination. To access wait time information for all U.S. airports, queries are available via the Transportation Security Administration (TSA) website at <http://waittime.tsa.dhs.gov/index.html>. Additionally, visit individual airport websites for more information. For a list of all the guidelines, such as 3-1-1- for Carry-On's, prohibited items, etc., see this website: <https://www.tsa.gov/travel>

| <p>Leave gifts unwrapped. They may be opened for inspection.</p> |
| <p>Avoid wearing clothing, jewelry, and accessories, belt buckles, and under-wire bras, that contain metal. Metal items may set off the alarm on the metal detector. It is recommended that you remove your shoes, belt and any type of coat, and place it in a bin. Choose comfortable shoes that are easy to remove. Place the following items IN your carry-on baggage prior to entering the screening checkpoint: Mobile phones (label your laptop, cell phone and over devices with owner contact information), keys, loose change, money clips, PDA's, pagers, large amounts of jewelry, metal hair decorations, large belt buckles. Take your laptop and video cameras with cassettes OUT of their cases and place them in a bin provided.</p> |
| <p>Pack Smart: Per the TSA's security requirement, the following items are not allowed: knives of any kind made from any material on its flights. In addition, cutting instruments of every kind are banned in the stateroom. Do not bring lighters, matches, knives, scissors with pointed tips, or other sharp objects in your carry on. Items such as baseball/softball bats, golf clubs, pool cues, ski poles and hockey sticks are prohibited in the stateroom. In addition, irons, heating pads, extension cords, and candles are prohibited in your stateroom. Permitted items: include walking canes, umbrellas (once inspected), nail clippers, safety razors (including disposable razors) syringes, tweezers, knitting needles and eyelash curlers. You are permitted by The cruise line to bring a radio, CD or cassette player, but the ship requests that headphones or ear pieces be used in public areas. Do not over-pack bags. If screeners have to open them, closing over-stuffed bags can be difficult and result in delays. It is suggested that you not pack in your checked luggage the following: Camera, Camcorder, jewelry, money, important documents, breakable items, or other valuables. Also, check airline policies for information on maximum weight limitations, size limitations, and number of bags permitted for check-in and carry-on.</p> |
| <p>Put all undeveloped film and cameras with film in your carry-on baggage. Checked baggage screening equipment will damage undeveloped film.</p> |
| <p>Carry-on baggage is usually limited to one carry-on bag plus one personal item with most airlines. Personal items include laptops, purses, small backpacks, briefcases, or camera cases. Again, check with your airline to verify this information. (If you have a small purse you could put it inside your backpack or tote.)</p> |
| <p>Place identification tags on all of your baggage, including your stateroom number. It is a good idea to put your information INSIDE each bag (even carry ons) in case the tags gets ripped off and the bag gets lost. Sundancer suggests you put your contact information and your ship and cabin number inside.</p> |
| <p>Keep your claim checks for checked luggage as many airports have increased inspection at the carousels. This is also important should you have a lost piece of luggage.</p> |
| <p>Double check seat back pockets and around your seat before departing your aircraft.</p> |

TSA Recognized Baggage Locks

We all sometimes need a little extra sense of security, but before you lock your bag, make sure it's a TSA accepted lock. Every bag is screened before it's placed on any airplane. While technology allows TSA to electronically screen bags, there are times when they need to physically inspect a piece of luggage. If a bag is locked, they are allowed to cut the lock off. That's where recognized locks come in. They worked in partnership with several companies to develop locks which offer you security without interrupting the security offered. These locks are normally available at airports and travel stores nationwide. Before you buy a lock for your bag, make sure to use a TSA accepted one. Look for these symbols to make sure you have the right lock.
